

Global X Farming ETF (BARN)

As of 5/23/2011

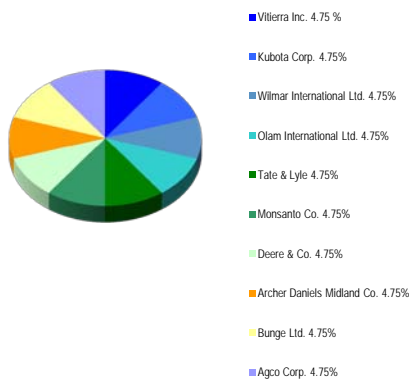

Fund Description

The Global X Farming ETF seeks to provide investment results that correspond generally to the price and yield performance, before fees and expenses, of the Solactive Global Farming Index.

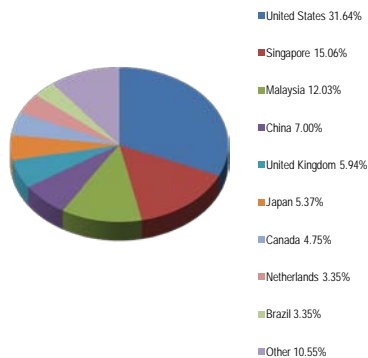

Index Description

The Solactive Global Farming Index is designed to reflect the performance of the farming industry. It is comprised of common stocks, ADRs and GDRs of selected companies globally that are primarily engaged in agriproduct or livestock operations or in the manufacture, sale or distribution of farming products.

Country Breakdown

Constituents are subject to change.

Global X Management Company, LLC serves as an advisor to the Global X Funds. The Funds are distributed by SEI Investments Distribution Co., which is not affiliated with Global X Management Company, LLC.

In addition to the normal risks associated with investing, International investing including emerging markets, may involve risk of capital loss from unfavorable fluctuations in currency values, from differences in generally accepted accounting principles, or from economic or political instability in other nations, as well as increased volatility and lower trading volume. Narrowly focused investments may be subject to higher volatility. Securities in the Fund's portfolio may be significantly subject to government policies and regulations affecting the agricultural sector and related industries; a broad range of environmental laws and regulations; demographic and product trends and fads, marketing campaigns; environmental factors; adverse changes in general economic conditions; evolving consumer preferences; nutritional and health-related concerns; federal, state and local farming inspection and processing controls; consumer product liability claims; risks of product tampering; the availability and expense of liability insurance, and the possibility of product recalls. Current and future holdings are subject to risk.

Shares of Global X Funds are bought and sold at market price, not NAV, and are not individually redeemed from the fund. Buying and selling shares will result in brokerage commissions.
